Member of TESTEX Group

Annex:

Certificate IS020 169070 valid to 31.05.2021

1 Summary

On the basis of the present application as well as test results of the tests carried out a certification according to STANDARD 100 by OEKO-TEX® can be issued for the requested article group .

This test report does not replace the certificate.

According to STANDARD 100 by OEKO-TEX® the authorization will be valid till 31.05.2021.

Also the regulations on harmful substances under the European REACH legislation, including the textile-relevant and current candidates for SVHC (Substances of Very High Concern) of the candidate list are considered.

The use of the label is only permitted based on a valid certificate and according to the regulations in STANDARD 100 by OEKO-TEX®. Particularly the use of the label is only permitted during the certification period for articles in the certified article group compliant with the limiting values. The label has to bear the certificate number and control name of the institute given on the certificate. Furthermore the use of the OEKO-TEX® mark is only allowed after full settlement of invoices for testing fees and certification costs.

2 Scope Of Application

An application with the appropriate OEKO-TEX® forms was submitted for

Mouth-nose masks produced of knitted fabric made of Polyester (disperse dyed) (including sewing threads) exclusively made from materials certified according STANDARD 100 by OEKO-TEX®.

The application is for the Authorization to use the mark "Tested for harmful substances according to STANDARD 100 by OEKO-TEX® " product class II, Appendix 4.

First Certification.

A signed declaration of conformity was submitted.

3 Photo Overview

4 Tests Performed / Results

As required in the STANDARD 100 by OEKO-TEX® the test program is decided by the institute based on the article group, the requested product class and on the technical information given in the application form. Required tests are carried out according to STANDARD 100 by OEKO-TEX® and the testing procedure laid down in "STANDARD 100 by OEKO-TEX®-Testing Procedures".

No further tests have been necessary.

6 Remarks

Period of Validity

There are no regulations concerning duration of validity in the individual test standards. As the results of the examinations refer only to the submitted and examined samples, the report is valid for these for an unlimited period. A period of validity specified as part of an expert evaluation is in the discretion of the consultant or OETI. The applicability of results and expert evaluations for materials not tested is in the responsibility of the applicant. Whereby an apportionment of results as well as any specified period of validity can only be done for identically constructed products and only as long as the product is produced unchanged. Possible national or international restrictions concerning the terms of usability of test and classification reports have to be considered; this is not the responsibility of the test laboratory.

Sample Material

Results of performed tests only refer to the sample material provided. Without explicit written other agreement testing is destructive and the sample material is transferred to the property of OETI, which is entitled to freely decide on storage and disposal.

Issuing

The valid first issue is done in paper and has single-handed signatures. Translations will be marked accordingly on the cover sheet.

Quality Management, Accreditation And Notification

All tests and services are performed under a quality management system according to EN ISO/IEC 17025 respectively EN ISO/IEC 17065. OETI is accredited as Testing Laboratory and Certification Body for products. It also is a Notified Body (NB0534). (see <http://ec.europa.eu/enterprise/newapproach/nando/>). Accreditation was provided by Akkreditierung Austria. The scope of accreditation is listed on www.oeti.biz. Due to the system for the mutual recognition of national accreditations (ILAC/IAF), this accreditation is valid worldwide.

In this report individual non-accredited test procedures are marked with *. However, the analysis was also carried out for these parameters at the same level of quality as for the accredited parameters.

According to the decree on the use of the accreditation mark ("AkkZV") the accredited Conformity Assessment Body is the only one to use the accreditation mark. Application of the registration number of the Notified Body: As to personal protective equipment (PPE) the requirements of Regulation (EU) 2016/425 have to be kept. With construction products the application is only permitted within the declaration of performance for CE-marking.

Copyright And Usage Notes

It is pointed out, that any alterations, amendments or falsifications of reports not authorized by the issuer of the report will be prosecuted as civil and criminal offences; this especially to the appropriate requirements of ABGB, UrhG, UWG and criminal law and their respective international equivalents. Reports are protected under international copyright laws. Written consent of the OETI GmbH is required for publications (also in excerpt) and reference to tests for public relation purposes. Reports may only be reproduced in full length.
